to ensure compliance with the safety rules for construction of buildings; and

(e) if so, the details of action taken or proposed to be taken by Government in this regard ?

THE MINISTER OF URBAN DEVELOPMENT (SHRI MURASOLI MARAN) : (a) to (e) The information is being collected and will be laid on the Table of the Sabha.

अड़कपुर बाग मोची, नई दिल्ली में भूमि का सर्वेक्षण

3605. **श्री धूलेश्वर मीणा** : क्या शहरी विकास मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या 4 जून, 1986 को गांव अड़कपुर बाग मोची, नई दिल्ली में गांववासियों की उपस्थिति में और उनके सहयोग से भूमि का कोई सर्वेक्षण किया गया था और क्या इस सर्वेक्षण रजिस्टर के अनुसार "चुल्हा टैक्स" देने वाले व्यक्तियों और उनके बेटों तथा पोतों के लिए अलग-अलग भूमि-खण्ड निर्धारित किए गए थे; और

(ख) यदि हां, तो सर्वेक्षण रजिस्टर के अनुसार इन चूल्हा-टैक्स देने वाले व्यक्तियों, इन के बेटों और पोतों का कितने-कितने क्षेत्रफल भूमि पर कब्जा है और उनके नाम, राशन कार्ड नं. और मकान नम्बर क्या-क्या है ?

शहरी विकास मन्त्री (श्री मुरसोली मारन) : (क) दिल्ली विकास प्राधिकरण द्वारा एक सर्वेक्षण किया गया था । तथापि, इस स्थल पर भूमि का कोई प्लाट उद्दिष्ट नहीं किया गया है ।

(ख) एक विवरण संलग्न है ।

Production consumption and import of fertilizers

3606. SHRI KAMAL MORARKA : Will the Minister of AGRICULTURE be pleased to state :

(a) what had been the production, consumption and imports of fertilizers during 1989-90;

(b) whether it is a fact that there were heavy imports during 1989-90; and

(c) if so, what concrete measures have been taken to step up production of fertilizers in the country ?

THE MINISTER OF STATE IN THE DEPARTMENT OF RURAL DEVELOPMENT IN THE MINISTRY OF AGRICULTURE (SHRI UPENDRA NATH VERMA) : (a) The provisional figures for production, consumption and imports of nitrogen, phosphatic and potassic fertilizers taken together during the year 1989-90 was 85.41 lakhs M.T., 115.16 lakhs M.T. and 31.14 lakhs M.T., respectively.

(b) Yes, Sir.

(c) To step up production of fertilizers from old plants several schemes for revamping, modernisation, installation of captive power plants, etc. are being formulated/implemented. Besides, for meeting the demand of nitrogenous fertilizers, the Working Group set up by the Planning Commission for the formulation of Eighth Plan has suggested expansion of three existing larged sized gas based ammonia-urea plants along the HBJ pipeline, in addition to the completion of three projects under implementation. India does not have significant source of phosphatic raw material and practically the entire requirement is met by either import of raw materials or intermediates for producing the phosphatic fertilizer indigenously or importing the fertilizer itself. The Working Group has recommended 85% self-sufficiency in phosphatics by the first method and has recommended setting up of DAP plants with a total capacity of 4.5 lakhs tonnes in terms of P_2O_5 and nitro-phosphates plants with a total capacity of 1.5 lakh
